| **Turn Off Pop-up Blocker!** Check the pop-up blocker settings for your web browser so you can be sure to **Always Allow Pop-Ups** from CoeusLite. |
| Caution using the Browser Back button! |
| 1) Because the back button is a Browser History button it **SHOULD NOT BE USED TO NAVIGATE WITHIN** a proposal. Use the Navigation panel. |
| 2) However, if you receive an error message you MUST use the browser back button to return to the proposal record. Only click it one time. Multiple clicks will send you down the Browser History to older data entry points, skipping your most recently entered data. |
CoeusLite User Guide for version 4.5

CoeusLite Home page

- Default view is Proposals with Status of: In Progress, Recalled, Rejected, or Approval In Progress.

My Proposals Navigation:

- Open list of your Proposals.
- Close CoeusLite
- Delete, Unlock, your lock proposal database
- Active Links to:
  > Launch Coeus Premium.
  > Launch Coeus User Guide website.
  > Request a New Sponsor from SPSS.
  > Start a Help email request to Coeus HelpDesk.
- View all of your proposals
- View your active proposals
- Start a new proposal
- Search for a proposal
- Statues appearing in this list.
- Click to resort.
Proposal Searches in CoeusLite

Proposal Search window: enter search criteria value(s) then select Search.

In this example, search for all Proposal Titles with the word ‘treatment’ in them:

Use the asterisk, *, in any Coeus search screen. This ‘wildcard’ allows you to enter fewer letters, avoid typos, and misspellings.

Result: Select proposal, search again, or close the search window.

Create a New Proposal

Units, Cost Centers, appear in your Unit List (show below) when you have been assigned the Coeus Role of Proposal Creator in that Unit. Select the Unit in which the Investigator plans to manage the award or project. If this list does not contain the Unit number (Cost Center) in which you wish to create your proposal record, contact the Coeus Help Desk (coeus-help@jhu.edu). Tell us that you want to create a proposal and provide the Cost Center number(s) you need. Do not select an incorrect, ‘substitute’, number because this cannot be changed once selected.

NOTE: Lead Unit is the primary department, lab, or center that will manage the award, if funded. The Lead Unit, once selected for a proposal, cannot be edited/changed in that proposal.
NOTE: If you need to change the Lead Unit on a proposal merely copy that proposal and select a different Lead Unit when prompted.

1. **(new) Proposal Summary screen**

Accessed from the Main Navigation Panel

This window has five sections

- **i. Complete proposal validation**

  **Hint:** Do not be confused by cryptic, technical, language used in error messages. It is often helpful when first reading an error message to read the right-most phrase first, because that phrase often refers the Coeus data entry field causing the error. And, as a proposal preparer, you are often most familiar with the data entry fields.

  **Hint:** Select **Validate** several times – until no additional errors are found. Coeus validation is based on a hierarchy of errors. It does not present all errors at one time. Simply select **Validate** until no errors are presented.

The Organization screen contains the contacts for your Institute and performing sites involved in the project. The data for your institution has been maintained by your Coeus Administrator, but may be modified for individual submissions.

<table>

</tr>
<tr>
<td>Performance Site/Location</td>
<td>Always Select (unless the DUNS number is required). Use this option to display <strong>Subawardee institutional address</strong> and <strong>JHU Off Campus locations</strong>.</td>
</tr>
</tbody>
</table>

1. Click Add Organization /Location to create additional panels.

Proposal Organization and Performing Organization are populated from the centrally maintained data. Do not edit or removed.
Select **Add Organization/Location**, and then, **Performance Site** to add a Subaward institutional address or an Off-campus research location to the proposal.

**Performance Site** is derived from Coeus Rolodex. This database is maintained by Coeus users and, therefore, is a highly flexible tool for users to create and add exact addresses to their proposals.

**NOTE**: Email Coeus-help@jhu.edu if the funding opportunity requires the DUNS number an organization other than JHU.

**NOTE**: On Grants.gov submissions, the Subawardee’s DUNS number will be located on the RR Budget Form provided to you by the Subawardee Institution and not entered in this window.

---

To add an **Other Organization** from the Coeus Organization Table.

To add a **Performance Site (Location Address)** from the Coeus Rolodex.

**Congressional District Codes:**

- if *within a state*, (ex. MD-007);
- if *all districts in a state* (ex. MD-all);
- if *Nationwide* (all districts in all states), (enter US-all).
- if *outside the U.S.*, (enter 00-000).
4. Investigators & Key Personnel

Use Coeus Premium if you want to re-order your Proposal Personnel to change the order they are listed in the RR Key Person (Expanded) form:

- Premium allows you to arrange the personnel order to meet the sponsor’s guidelines without having to delete entries and manually re-add them in the sponsor’s desired order.

Use Coeus Premium if you need to maintain Proposal Persons Citizenship details:

- Some sponsor forms require citizenship details, which can only be maintained in the Premium Proposal Person Detail screen>Other Tab (NIH Fellowship & Career Development forms).

Principal Investigator & Co-Investigator:

A. **Principal Investigator & Co-Investigator** MUST BE JHU Employees. Only search using **Employee Search**. Never search for these two Proposal Roles using **Non Employee Search**.

B. **Rationale**: Coeus **will prohibit** submission of any proposal with a Rolodex person shown as either a Principal or Co-Investigator.

C. If you wish to add a Principal Investigator or a Co-Investigator WHO IS NOT NOW but WILL BE a JHU employee during your project you must process an SAP form titled: “ISR Action-Mini Master COEUS SPR”. Questions should be addressed to HR Shared Services at 443-997-5828. This will place them into the HR system as temporary employees. Once they are in the HR system you will be able to search for them in **Employee Search**. Caution: This process requires several days to complete.
**Key Study Person:**

![Image of CoeusLite User Guide for version 4.5](image)

A. May be selected from either button: Employee Search or Non Employee Search (Rolodex).
B. Enter correct Project Role title for Key Person.
C. Example for entering the name of the PI at a Subaward Institution:
   a. Must be selected from Rolodex (Non Employee Search).
   b. Cannot be a Co-Investigator on your proposal because they are not a JHU employee.
   c. But, as a Key Person, you may assign them any Project Role title, such as:
      i. Site Investigator
      ii. Co-Investigator
      iii. Collaborator

**Editing Investigator/Key Study Personnel:**

1. Editing can be performed in either the Summary Window (shown above) or the Details window (shown below).
2. Summary window is accessed by double clicking on Person’s name.
3. Edit contact information if necessary.
4. NOTE: field ‘Commons User Name’ is to be used for any sponsor-assigned User Name, including (but not restricted to) NIH eRA Commons User name.
5. Enter estimated percent of effort as prescribed by your Office of Research Administration.
6. Select ‘Multi-PI’ if relevant (NIH only)
7. Save

---

**Multi PI:** mark the checkbox to designate Investigators as Multiple PI (including the Principal Investigator). The Principal Investigator role will be recognized as the ‘Contact PI’ by NIH. At this time, NIH is the only sponsor that utilizes Multi PI; please review your NIH opportunity for more eligibility and submission requirements.
**Editing Proposal Person Details**

Select Detail button to open Detail window

Previously labeled ‘eRA Commons’, now used for all federal user IDs.

Editable field. Enter the Division name to appear in the ‘Division’ field on: R&R Senior/Key Person Profile (Expanded) form, shown below (*).

Changes made to Person Details on this screen will only be applied to, retained in, this proposal record – they will NOT update or edit the SAP HR personnel data. That must be done through the ISR process.
Add Unit:
Additional Units can be added to the Person Detail of the Proposal. When added, the proposal’s approval map will be expanded to include the new unit. For example, in this proposal the PI has a joint appointment: 17072118 Thoracic Surgery and 17036110 Diagnostic Radiology. Though the proposal is being submitted through Thoracic Surgery, the PI wishes to have the other unit review the proposal as part of its submission to ORA.
'Commons User Name' and 'Agency Credentials' are: 1) same data field shown in two locations, 2) used for ALL federal agency user names NOT just NIH 'eRA Commons'

Person Summary window continues to be labeled “Commons User Name”,

Person Details window has been renamed “Agency Credentials”. Identical Fields, just different labels.

Person Certifications

A. Summary

i) Preparers should contact their respective Offices of Research Administration to ascertain their School policy about Certification.

ii) Enhancements to Certification include: 1) actual Certification is only available in CoeusLite; Premium provides a link to Lite; 2) display of a time/date stamp of person actually completing the questions; 3) ability for preparer to send an email notification to any/all (JHU) Investigators with a link allowing those Investigators to complete their own Certification; 4) ability for Investigators(*) to following the email link to CoeusLite and complete their Certification, thus marking that Certification as completed by the Investigator.

iii) (*) While Coeus will send email notifications to nonJHU, Rolodex, persons – if their Rolodex entry has an email address, those persons will not have the authorization to launch CoeusLite from the email notification link sent to them.

B. How the proposal Preparer Certifies

i) Within the Proposal, in the Investigator/Key Persons window, Select button ‘Certify’.

---

Person Certification form, the short questionnaire, must be complete in Coeus for EVERY person named in the proposal – PI, Co-I, and Key Persons.
ii) This will take you to the Proposal Summary > Proposal Person Certification Questions window.

iii) Select, click on, the Proposal Person you wish to Certify.
iv) Answer the questions and Save. The User Time/date stamp is updated and the Save button becomes the Print button.
C. How to notify Investigators to complete their own Certification

i) Within the Proposal, in the Investigator/Key Persons window, Select button ‘Send Notification’.

ii) In the Pop-Up Window Select (JHU) Investigators to receive the automatic email notification. Do not select Rolodex Persons.
D. How a JHU Investigator can complete their Certification

i) Investigators, as JHU employees, will instantly receive an email notice list this:

![Email notification image]

Please note: This email is for notification purposes only. Please do not reply to this email for any purpose.

ii) Investigator should:

(1) Follow the Link: “...given below for the project details.”
(2) Logon to CoeusLite: Enter their JHED credentials.

![Logon to CoeusLite image]

(3) Complete the questions and SAVE;

6. *(ignore) Credit Split

This functionality is NOT used at Johns Hopkins.

7. Special Reviews

Given the complexity of the Special Review process, it is advisable that you contact your Research Administration Office with specific questions.

a. Click Special Review drop-down box
b. Select Special Review type
c. Click Approval drop-down box
d. Select appropriate status
   If:
   • Pending: all required information has been entered.
   • Submitted: the Application Date of the Regulatory Review must be entered.
   • Approved: Protocol Number field and Approval Date field must be completed.
   • Exempt: (only for Grants.gov submission) Protocol Number field and Approval Date field must be completed. Further, the exempt code must be entered in the Comments field. For example the R&R Other Project Information Form, box(s) in field 1a to be checked. Multiple Exempt Codes must be separated by a comma (i.e. E1,E4).
e. Save the entry.
8. Abstracts

Abstracts are text boxes for specific subjects. Though not used by many sponsors, if required you can type, or cut/paste text under the appropriate category. For example, NSF allows Investigators to submit names of either possible proposal Reviewers, or persons not to be considered as a Review.

```
Abstract

Identity of User who entered data and the timestamp of this action.
```

9. (new) Science Code

Select Add Science Code

```
Select Search

Enter wildcard, asterisk '*', into search field
```

Select the appropriate Code and Save
10. Others

The **OTHERS** Screen is used to convey pertinent information to Approvers and ORA Submitter. SAP Responsible Cost Center is required.

![Screenshot of the OTHERS Screen]

**Required Field:** Enter 10-digit SAP Responsible Cost Center corresponding to Proposal's 8-digit Lead Unit selected when proposal was initially created.

11. *(abolished)* YNQ: Yes No Questions

YNQ are **no longer used** in Coeus. Previously entered YNQ answers can be viewed by selecting ORIS Proposal Summary Form. The YNQ questions are now asked on other Questionnaires.
12. Assign Proposal Roles

<table>
<thead>
<tr>
<th>Role</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Aggregator</td>
<td>Make changes to any part of the proposal, certify investigators, submit for approval, Recall proposal after workflow/before any approvals.</td>
</tr>
<tr>
<td>Approver</td>
<td>Approve the proposal. You cannot add or delete users from this role, but you can see which users have been designated as approvers after the proposal is routed for approval.</td>
</tr>
<tr>

<td>Create and edit to the budget, only.</td>
</tr>
<tr>
<td>Narrative writer</td>
<td>Create and edit the narratives, only.</td>
</tr>
<tr>
<td>Viewer</td>
<td>View any part of the proposal. Cannot edit.</td>
</tr>
</tbody>
</table>

Use Coeus Premium if you want to see the Routing Map for your proposal before you Submit for Approval:
- Premium allows you to preview the approver map as you build your proposal.
- In Premium, open proposal Action> Show Routing.

13. (new) Questionnaire Section

1. **Questions for Grants.gov S2S Forms** Is required in every proposal with a federal sponsor. Answer No if proposals will not be submitted electronically to Grants.gov. Answer Yes (and subsequent questions) if proposal will be submitted electronically. Answers will populate relevant Grants.gov forms.

2. **Research Compliance Questions** Is required in every proposal to provide information to the JHU offices of research administration. This questionnaire replaces the old JHU eIS form.

2 Other question-sets will appear based on information the Preparer has provided in the proposal. For example, Training Grants will generate the appropriate questionnaire after the proposal is linked to Grants.gov.
14. Grants.gov, System-to-System (S2S), proposals

Prior to entering this section on the General Info screen you must: 1) saved the proposal, 2) selected the appropriate federal sponsor (only federal agencies are eligible), and 3) entered the fields: Funding Opportunity Number [recommended] or CFDA Number (not both).

1. Navigate to the Grants.gov screen:
   a. Grants.gov search results (example shown was generated from FOA PA-11-260).
      1. Click on Select to choose this opportunity and retrieve the submission requirements:

   Ignore

   Will remove Grants.gov connection and data entered by that connection.

   Runs some of the G.G validations on selected forms.

   Generates printable PDFs of selected forms.

   Not active until proposal is approved.

15. (new) Using Budgeted TBA positions in Grants.gov submissions

   Caution – Do not use the button ‘Add TBA’ for Grants.gov submissions. Coeus is designed to only place “Find Person” budget persons onto the RR Budget, Section A.

   If your Sponsor and Funding Opportunity require TBAs to be listed in the RR Budget, Section A, you must use the button ‘Find Person’ and enter in Last Name column ‘tba*’. These TBA positions are uniquely numbered and can therefore be separately listed in Section A.

   Caution – NIH does not allow TBA budgeted positions in RR Budget, Section A. Under SF 424 Guidelines RR Budget Section A is ‘pre-populated’ from Senior/Key Person Profile. And, persons entered in Senior/Key Person Profile Must have a biosketch; therefore, TBAs cannot be added to Senior/Key Person Profile.

   NIH submissions in which the Budget contains Senior TBA positions, i.e. faculty, must be created in Premium Budget, in order to place the TBA faculty in RR Budget Section B as required by NIH. See Premium User Guide>Budget>Budget Categories, for the steps necessary to change the Cost Element/Line Item Budget Category before adding the Budget Person. CoeusLite does not have Category edit functionality.

A. Budget Set up requirements

| Budget Set Up | 
|---------------|-----------------|
| ✓ Personnel   | Adjust Periods  |
| ✓ Proposal Rates |

The first time you navigate to the Proposal’s Budget you will be presented with Budget Set Up > Personnel screen. If you previously entered a Non-Employee Search, Rolodex, person, in the Investigators/Key Persons screen then at this point in the budget process you will be prompted to Sync Budget Persons. You should select the correct Appointment Type and Job Code and save the entry.

Prompt for Rolodex persons or personnel with incomplete data in Coeus.

Coeus-recommends an Appointment Type and Job Code which you may Save or select and enter alternate data.

B. Add and complete Budget Personnel entries

1. Navigate to Personnel entry screen

2. Search for and Add the proposal personnel needed for your project budget. (Research staff, Support staff, Postdoctoral Associates, Graduate Students, or To-Be Announced staff, etc.):
   - Add Employee Employee Search will locate persons maintained in Coeus from SAP HR.
   - Add Non Employee Non Employee Search will locate persons maintained in the Coeus Rolodex.
   - Add TBA Add TBA Search will locate a predefined list of to-be-announced persons by job title (i.e. Project Manager, Graduate Student, etc.).

Only the names of the PI, Co-I and Key Persons will be printed on the Grants.gov RR Budget (detail) forms. Refer to your sponsor guidelines for specific definitions of Key Personnel.
Budget Persons populated from Investigator/Key Persons:

- Select **Add Employee** to search the Johns Hopkins employees or select **Add Non Employee** to search the Rolodex.

- Search for the employee by entering data into the fields on the search screen.
  - Use the asterisk (*) before and/or after data in fields to widen searches and minimize typed entries.
  - Select search **Search** to display the search results.

- Select the appropriate person displayed in the **Person Search Results** screen. Take time to scroll across the entire window to assure you select the correct person – some individuals may appear more than once.
Add TBA:

Caution – Do not use the button ‘Add TBA’ for Grants.gov submissions. Use only ‘Find Person’ and enter in Last Name column ‘tba*’. ‘Add TBA’ selections will NOT appear in RR Budget.

- To add unnamed personnel (personnel that will be in your budget, but whom you have not yet hired or assigned):
  - Select Add TBA
  - Select on the appropriate category displayed in the TBA Persons window.
  - Save

Result of Add TBA selection:

3. **Enter Eff Date** The Effective Date displayed automatically defaults to the start date of the proposal; however, if planned salary increases are expected, more precise amounts are obtained when you enter the effective date of the new salary.

4. **Enter Base Salary**: Enter the person’s full annual salary – *as it relates to the length of appointment entered* – as of the “Eff Date”. Use care when entering the amount. Do not use commas.

5. **Confirm Job Code**: This field is a required field populated by the SAP HR Group and Subgroup. This data field corresponds to the cost element, Line Item, Description, to be completed at Budget Periods>Personnel Budget.

6. **Confirm Appointment Type**: Review that this information is correct; it is part of the calculation that charges salary to the budget. Select the appropriate appointment type from the dropdown list:
   - “M” refers to months of appointment; i.e. a professor with a 9-month appointment will display as 9M EMPLOYEE.
- **12M EMPLOYEE** refers to a Regular Employee with a 12-month salary base.
- **SUM EMPLOYEE** refers to a Summer Appointments only (do not use to represent faculty summer salary).
- **TMP EMPLOYEE** refers to a Temporary Appointment only.
- **NEVER select 12M DURATION!!**

7. **Enter Anniv Date:** Enter the person’s salary anniversary date. This functionality allows Coeus to prorate a person’s salary inflation to their specific salary anniversary date.

   | Anniversary Date, if blank, will result in Coeus applying inflation rates on July 1\textsuperscript{st} of each budget period. Anniversary Date is an editable field formatted to MM/DD/YYYY. However, though YYYY is required, only the MM/DD will control the inflation date calculation.

8. **(new) Base Salary by Period** Grants.gov RR Budget, Period Base Salary, **will only be completed if** you perform this operation for every budget period to appear in Section A.

9. **Save** the proposal personnel once you have entered all personnel who will be part of your budget.

**Adjust Periods**

**C. Adjust Periods (boundaries)**

Coeus will create default budget periods based on 12-month budget periods using the Start and End dates you entered on the **General Info** screen of the proposal. If the sponsor’s funding opportunity announcement indicates other boundaries, you must change the default budget periods in the manner described here. In example shown below, the sponsor requires two 18 month budget periods and two 12 month budget periods.
To **change** the periods, enter the revised dates or select dates using the calendar tool.

To **add** another period, click **Add Period** (located below the period line items), and enter the start and end dates.

To **remove** a period, click **Remove** (to the right of each period line item displayed).

Once you have made the necessary changes, select **Save**.

---

When copying a proposal with Start and End dates that do not match your new submission:

> Adjust the Start and End dates on the **General Info**;

> Make the necessary changes for your new proposal on the **Adjust Periods** screen;

> Do not forget:

  ~ **Proposal Rates** screen: Sync – and Save – Proposal Rates;

  ~ **Budget Personnel** screen: Update the “Eff Dates” for the “Base Salary” amounts!

Number of months contained in each budget period in **Adjust Periods** is now displayed on two CoeusLite screens: **Budget Summary** and **Budget Periods > Personnel Budget**. These new displays are:

Rates are defaulted in based on our federally negotiated rate agreement with DHHS. You may change any rate shown on this table. Rates on this table apply only to this proposal.

Select **Sync and Save** at the bottom of the screen: if you have opened or copied an older proposal, or revised the start and end date of your proposal, to update your proposal budget with the Institute Rates effective for your budget periods.

Select **Reset and Save**: if you wish to change rates you previously inserted. **CAUTION:** always select **Save** as a final step – no **Save** warning is displayed on this screen.
To modify the applicable rates for this proposal:

1. Open the **Proposal Rates** screen.
2. Note that the default Inflation Rate, Applicable Rate, is
3. Scroll down to the appropriate category of the screen and enter the percent rate to be used for your proposal in the **Applicable Rate** fields to the right of the **Rate Type** listed. Enter the rate in each **Fiscal Year** and for both **On and Off Campus** line item of this category, as needed.
4. Save your newly edited **Proposal Rates** by scrolling down to the bottom of the screen and select **Save**.

When first opened, the Personnel Budget screen displays only Period 1.

1. Select Add Person to add the personnel to be included in the budget from the pick-list of personnel previously added in the Budget Set Up > Personnel screen.
   - Select the checkboxes to the left of the names of all the personnel required for the Period 1 budget. You can also select the single checkbox at the top of the list to Select All.

   You do not need to use all the Budget Personnel displayed. If they are not selected in the Add Person process, they will have no impact on your budget. Because of the Sync Budget Person prompt during set up, you may need to maintain persons on this list which were in your proposal, but not included in your budget.
Result: all the personnel selected will now be displayed on the Personnel Budget screen.

(*) Premium allows users to enter personnel expense on a line item without selecting a Budget Person (Add Person). This entry method requires no person detail so these entries cannot be modified in CoeusLite. Also, without details, they cannot be displayed like those entered in CoeusLite. Instead, they will be displayed below the detailed personnel with associated expenses included in the Total Funds Requested for that period.
2. Customize each Personnel Line Item:

<table>
<thead>
<tr>
<th>Name</th>
<th>Salary Type</th>
<th>Edit</th>
<th>Remove</th>
</tr>
</thead>
<tbody>
<tr>
<td>Schleicher, Timothy N</td>
<td>SALARY - FACULTY FT/PT</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

- **Select** the appropriate **Salary Type** from the drop-down menu. **Salary Type** is the Cost Element Description viewed in Premium. See your departmental personnel administrator if you need help matching a salary type to personnel.

- **Select** the appropriate **Period** from the drop-down menu:
  - **Academic**: The 9-month academic year: September 1 through May 31.
  - **Calendar**: The 12-month calendar year.
  - **Cycle**: Same as Calendar, 12 month project period.
  - **Summer**: The 3 months not covered by the Academic period: June 1 through August 31.

  The **Period** selected should correlate with the number of months in the **Appointment Type** selected on the **Budget Set Up > Personnel Screen**. Mismatched Periods to Types can impact budget calculations.

- **Enter** **% Charged** and **% Effort**.
  - Equal amounts mean the entire expense will be paid by the sponsor.
  - **% Charged** is less than **% Effort**, will generate cost sharing (expense that will not be paid by the sponsor).

- **Edit** the **Start Date** and or **End Date** to either correctly reflect Faculty Summer Month effort, or remove eligible vacation time, or accurately reflect time spent on the project, as needed.

- **Select** **Save** to recalculate and save customized.

- **Select** **Calculate** (located below all of the personnel entries) if you want to see how a changed entry impacts the budget.
3. Enter Personnel Line Item Details

- Select **Edit** to the right of each line item to display the **Line Item Details** window.
  (This link is labeled **Details** if the budget is marked **complete** or if you are authorized to **view only**.)

F. Equipment Screen

Please refer to your sponsor guidelines, specific opportunity instructions, and Institutional Policy and Procedures for budgeting equipment items.

1. Select **Add Equipment** to add individual items of equipment to the budget.
   - Select a **Type** from the drop-down menu.
     - The only Equipment budget Type is CAPITAL EQUIPMENT.
   - Enter a **Description**. Descriptions entered in the Capital Equipment budget line item will print on Grants.gov Detailed budget forms. Current Grants.gov equipment budgeting requires a single line item for each equipment item and a description for each Equipment item.
   - Enter a cost in the **Funds Requested ($)** field – **do not use commas**.
   - Select **Calculate** to see how this item impacts budget totals. (Coeus will calculate automatically upon Save.)
   - Select **Remove** to delete the entry.

Select **Save** to save your entered budget item. And if there are no edits, select **Close**.
2. Enter Equipment **Line Item Details**
   - **Select Edit** to the right of each line item to display the **Line Item Details** window where you can enter more detailed information about each line item.

You can add more items and make further changes to the entries on the **Participant/Trainee** screen as needed.

Use Coeus Premium if your proposal includes expense line items not shown under Participant / Trainee in CoeusLite:

Coeus Premium allows you to change the budget ‘category’ of any non-personnel expense, CoeusLite does not. So, in Premium you can include any cost element and create a more robust Participant Expense budget.

a. **Cost Sharing**

*Please review the appropriateness and administrative policy of cost sharing with your Research Administration Office.*

If you need to express cost sharing on a specific line item in the **Budget Periods** screens of your budget (**Equipment**, **Travel**, **Participant/Trainee**, or **Other Direct Costs**):

- Select **Edit** to open that item’s **Line Item Details** window
- Enter the dollar value of the funding commitment in the **Cost Sharing** field.
- Select
  - **Save and Apply to Current Period** or
  - **Save and Apply to Current and Later Periods**, as relevant to your proposal or,
  - **Close** if you decide not to make an entry.

The amount of the cost sharing will also be updated in the Period Totals header and **Budget Totals** section of the **Budget Summary** screen.

b. Underrecovery

*Coeus will automatically calculate underrecovery when F&A and/or Fringe Benefit rates other than our negotiated rates are used.*

If underrecovery should be applied to your ENTIRE project budget, not just a specific line item, you should adjust the appropriate Rate(s) applied in the **Proposal Rates** screen and/or the **Overhead Rate Type** and **Underrecovery Rate Type** on the **Budget Summary** screen.

If you need to express underrecovery on a *specific* line item in the **Budget Periods** screens of your budget (Personnel, Equipment, Travel, Participant/Trainee, or Other Direct Costs):

- Select **Edit** to open that item’s **Line Item Details** window
- Deselect the appropriate **Rate Types - Apply** checkboxes from the **Rates Applicable to the Line Item**, in the bottom section of the **Line Items Detail** window.
- Click **Save and Apply to Current Period** or **Save and Apply to Current and Later Periods**, as relevant to your proposal, before closing this window.

The amount of the underrecovery will also be updated in the **Budget Totals** section of the **Budget Summary** screen.
J. Generate All Periods from your Detailed Period 1 Budget

Changes in the Inflation rates will not be update to generated budgets.

So, prior to using Generate All Periods, edit Proposal Rates>Inflation Rates, if necessary.

Or, consider deselecting the Apply Inflation checkbox on specific line items instead of entire categories in the Rates, if this is more appropriate for your proposal budget.

Complete any Period 1 recurring expenses required for your budget and then use the Generate All Periods feature to calculate all budget periods for your proposal.

Generally, Line Items that do not appear in every Period, are not include it in Period 1 prior to Selecting Generate All Periods. Rather, you may simplify the edit process by adding those Line Items after Selecting Generate All Periods.

The Generate All Periods option on the Budget navigation menu will disappear after application. Once the budget periods are generated, you cannot "undo" the process.

You can manipulate the data in each budget period to alter the results (see the section Adjust by Period), or you can create a new budget version (see the section Budget Versions: Create Alternate Versions of your Budget).

Coeus uses the Budget Period start and end dates, inflation percentages and other rates from the Proposal Rates screen, and the line item costs entered in the Budget Period screens to calculate expenses and generate each budget period.

Prior to using Generate All Periods, follow the steps below to review your budget entries.

1. Preview All Budget Expenses

Before using the Generate All Periods function, preview your budget entries in all categories by printing a report.

- Click Print on the Budget menu.
- From the Proposal Print screen, click Budget Summary by Period.
- A new browser window will open to display the Internal Budget Summary view of your budget, by period, in a PDF format. This complete budget will display by Category and Sponsor Budget Group.
  - Personnel, by name, will print out with Start and End dates, Fringe Rates applied (if appropriate), Fringe Benefit costs (if appropriate), and Salaries & Wages.
  - Descriptions entered for all budget line items will print on this Summary form.
  - The Calculation Methodology page of the summary lists any items excluded from the F&A base costs requested, the F&A rates and bases applied the Employee Benefit rates and bases, and Vacation Accrual Rates and bases.
This is the budget format displayed during the CoeusLite Proposal Approval process. Many campus approvers evaluate this comprehensive view of the budget in their review process.

You can print and/or save this PDF file for distribution by email or hardcopy to proposal participants for their review.
Generate All Periods

2. Navigate to Generate all Periods

- Select **Generate All Periods** on the menu. This will start a process which will use all of the Period 1 line items to create details for subsequent periods.
  
a. A warning screen will appear to alert you of the one-time-use per budget of the Generate option. Click **Generate Periods** on this screen to continue.
  
b. A confirmation screen will display upon completion.

- When you return to view the **Budget Periods** screens of your budget (**Personnel, Equipment, Travel, Participant/Trainee**, or **Other Direct Costs**), the additional periods will be displayed as tabs.

3: Adjust budget by period

To review and edit budget line items, Select the Budget Category (**Personnel Budget, Equipment, Travel, etc.**), then select the Budget Period. You can edit, remove or add line items as appropriate for your project requirements.

For example:

- Add and remove Personnel
- Adjust Personnel effort, or period of performance
- Add or remove expense line items
- Adjust costs generated on line items
K. (new) Subaward Budgeting

Generate All Periods must be completed before Subaward budgeting can be executed.

Automatic Subaward budgeting with upload of RR Budget Form.

CoeusLite and Premium now: 1) automatically extract Subawardee’s Direct and Indirect costs from RR Budget Form, 2) allocate those costs to the correct JHU Cost Elements, and 3) calculate the JHU Indirect Cost.

(1) Open: budget in edit mode.
(2) Complete: ‘Budget Set Up’.
(3) Edit: All periods must be present in the budget. If you are uploading the RR Subaward Budget first, simply add a single Cost Element to Period 1 as a placeholder, no dollars need to be budgeted. Generate All Periods. Then, after completing the subaward steps below, merely delete this initial cost element placeholder from each Budget Period.
(4) Open: ‘Sub Award Budget’ window:
(5) Select: ‘Add Subaward’.
(6) Enter: Institution's Name.
(7) Browse/Upload: RR Budget Form.
(8) Save.

(9) View: full Upload history.

(10) View: budget data extracted from the RR Budget form.

(11) Coeus will automatically allocate Subawardee’s budget to correct JHU cost elements.
And, Coeus will calculate the JHU Indirect Cost

Should your proposal require a different Subaward Cost Element structure, perhaps one that does not permit a JHU F&A charge, email coeus-help@jhu.edu for guidance.
L. Budget Summary Screen

On this screen, you can review your project costs: direct and indirect costs (totals and by project period), number of Months per period, underrecovery, cost sharing (totals and by project period), and total costs (total and by project period).

Be sure to review the *Overhead Rate Type* and *Underrecovery Rate Type* applied for this proposal. If you feel you need to change the rate types, please confirm this first with your Research Administration office for appropriateness.

**Things you can modify on the Budget Summary Screen:**

- Change the *Budget Status* drop-down to *Complete* once you have completed the budget (this can also be done on the *Budget Versions* screen).
- Select the *Final* checkbox to transmit this budget to the sponsor (this can also be done on the *Budget Versions* screen).
- Select the *Modular Budget* checkbox if this budget will be an NIH Modular budget.
- **Un-**Select the *Submit Cost Sharing* checkbox if you DO NOT want cost sharing to be printed on Grants.gov forms, or otherwise submitted to sponsor. That is, leave the checkbox checked (it is checked by default) and Coeus will transmit cost sharing amounts generated in the budget.
- Select the On/Off campus option to override the cost element overhead mapping.
  - Select “Off” to have Coeus apply the maintained Off Campus Overhead rates to all the budgeted cost elements, despite the cost element description of On Campus.
  - Select “On” to have Coeus apply the maintained On Campus Overhead rates to all budgeted cost elements, despite the cost element description of Off Campus.
  - Select “Default” to have Coeus apply the maintained OH rate for that cost element. Default allow for the inclusion of both On- and Off-campus rates in the budget.
- Enter *Residual Funds* (refer to sponsor guidelines for requirement definitions).
- Enter a *Total Cost Limit* (for reference purposes only – this will NOT restrict your budget).
• Change the Over Head Rate Type and/or Underrecovery Rate Type.

• Enter text in the Comments field to make notes about this budget.

Once you have completed your changes to this screen, Select **Save**.

---

**Budget Versions**

**M. Budget Versions Screen**

**a. Create Alternate Versions of your Budget**

This screen displays a summary of all budget versions created in the proposal. If you have created more than one version of the budget, you must click **Open** to the right of the budget version you want to access.

**Things you can do on the Budget Versions Screen:**

• Read the descriptive Comment you previously added to each Budget Version on the Budget Summary screen.

• Change the Budget Status of a selected version to Complete or Incomplete (you cannot edit a budget marked Complete).

• Select or deselect the Final status checkbox. You must do this either on this screen or on the Budget Summary screen prior to routing for approval.

• Select **Open** to navigate to the Budget details of a particular version.

• Select **Copy** to create an alternate budget scenario From the selected Budget version – you can choose to copy Period 1, or all periods.

• Select **Add New Version** to create a brand new blank budget.

Once you have completed your changes to this screen, select **Save**.

---

Once you have more than one version of the budget, you will always be brought to this screen when you navigate to Budget. You must click **Open** to the right of the budget version you want to access.
Coeus Lite and Modular Budgets (NIH ONLY)

Currently Modular budgets are a submission option for certain NIH opportunities ONLY. Review the specific funding opportunity to determine if Modular budgeting is an option or a requirement, as well as the module limits per budget period.

**Note on Modular Budgets (NIH):** Even if you are required to submit only a Modular budget (and not a detailed budget) to NIH, creating a detailed budget will assist you by populating the Modular Budget form. A Coeus detailed budget calculates indirect costs, which are required for these forms and can populate your calculated indirect costs to the Modular Budget screen, making finalizing your budget much quicker.

You have 2 options for providing this detailed budget in addition to the Modular budget:

1. You can create the detailed budget in CoeusLite and convert it to a Modular format.

   If you prepared a Detailed budget in Coeus, use the **Sync with Detailed Budget** function to have Coeus convert the required details into a Modular budget (**closest $25,000 module into the Direct Cost Less Consortium F&A field, Consortium F&A, and Indirect Cost details**). You can then manually adjust the module amounts suggested by Coeus as needed.

   **OR**

2. Create a detailed budget outside of CoeusLite and manually create a Modular budget.

   If your Research Administration office allows this, create an external supporting budget in the program of your choice, and upload it on the **Upload Attachments** screen in the **Upload Institutional Attachments** tab to assist reviewers during internal review.

   To then create the Modular budget; manually enter the required details in the **Modular Budget** screen in order to populate the mandatory forms.

   **You must** select the **Modular Budget** option on the **Budget Summary** screen in order for Coeus to populate your Modular budget information on the Grants.gov PHS Modular Budget Form.
N. Modular Budget Screen

1. With a Final Coeus detailed budget marked Modular on the Budget Summary screen, open the Modular Budget screen to sync the data for Direct Costs, Consortium F&A (subcontractors), and Indirect Costs data for the PHS form.

   a. Select Modular Budget on the Budget menu

   b. Select Sync with Detailed Budget

   c. Select OK when the confirmation window opens.
Review the data defaulted in each of the Period tabs.

- If the estimated costs are not accurate, edit the entry in the Direct Cost less Consortium F&A field to reflect the appropriate number of $25,000 modules. Also, you may need to edit the entries for IDC Base and Funds requested to match the number of modules you are requesting.

```
2. If you have NOT prepared a detailed budget in Coeus, you must manually enter the required costs in the Modular Budget screen. (You must still check the Modular option on the Budget Summary screen.)

For Period 1:

a. **Select Modular Budget.**

b. **Enter** the *Direct Cost less Consortium F&A* amount.

c. **Enter** Consortium F&A costs (if any).

d. **Select Add Indirect Cost** to create an entry line for the Indirect Cost data.

- **Total Funds Requested**: $181,575.20

- **Enter Indirect Cost Type**: MTDC, or as appropriate for your institution.
- **Enter IDC Rate (%)** – *field expressed as a percentage – enter whole numbers*.
- **Enter IDC Base** (from your non-Coeus Detailed budget).
- **Enter Funds Requested ($)**.

e. **Select Save**

f. Repeat entries as needed for all remaining periods by clicking the *Period 2* tab, *Period 3* tab, etc.

g. Review the Cumulative screen to confirm totals.
O. Cost Sharing Distribution (check with your Research Administration office for business process).

- Select **Cost Sharing Distribution** from the left Navigation bar.

  If Cost Sharing commitments have been generated in the budget periods, the amounts will be displayed in the **Total Cost Sharing Amount** panel.

  Use the **Cost Sharing Distribution List** panel to identify the source(s) of funding support for the commitment. The initial list will be generated with a line for each fiscal year a cost sharing commitment exits, but additional lines can be added to have multiple sources for each fiscal year.

- Enter the Source Account Code for each Fiscal Year Commitment.

  - Enter a Fiscal Year, Percent (optional), Amount, and Source Account Code.

- Use **Remove** to delete an unnecessary entry line.

- Select **Save**.

P. Under Recovery Distribution (check with your Research Administration office for business process)

- Select **Under Recovery Distribution** from the left Navigation bar.

  If Under Recovery commitments have been generated in the budget periods, the amounts will be displayed in the **Under Recovery Amount** panel.

  Use the **Under Recovery Distribution List** panel to identify the source(s) of funding support for the commitment. The initial list will be generated with a line for each fiscal year where a commitment exits, but additional lines can be added to have multiple sources for each fiscal year.

- **Enter** the Rates for each Fiscal Year, Select On or Off Campus, Amount, and Source Account Code.
  - If there are no Off Campus expenses, remove those lines from the panel.

- If needed, use **Add Under Recovery Distribution** to generate a new entry line.
  - **Enter** a Rate, Fiscal Year, On/Off Campus, Amount, and Source Account Code.

- Use **Remove** to delete an unnecessary entry line.

- Select **Save**
Q. Project Income

Review the sponsor program announcement and sponsor guidelines for specific instructions regarding the handling of Project Income in your submission.

To enter Project Income in your budget:

1. **Select Project Income**

2. **Select Add Project Income.**

3. **Select** the *Period* from the drop-down menu.

4. **Enter** the *Income* funds.

5. **Enter** a *Description*.

6. If you need to enter a more detailed description of the Income funds, select *View* to the right of the line item and enter your comments.

7. **Select Remove** to delete the entry.

8. **Select Save**.

Repeat for each period with Project Income to report.
R. Perform Budget Validations

New in Release 4.4 is the ability to execute validations rules within a Coeus budget. Validation rules are being developed by O.R.I.S to allow users to manually perform the validations prior to finalizing the budget. These validations will be automatically run, along with proposal validations, when the proposal is submitted for approval routing. The Budget Validation permits the user to fix budget errors while in the proposal budget.

Budget Validation Errors:

- If a proposal budget fails a validation rule, a red error notice is presented to the user.
- The Department (unit) where the rule is applied appears in the alert text, as validation rules can be applied at any level in the hierarchy.
- The text from the validation rule’s User Message should be specific as the budget cannot be marked Complete until the budget can pass the validation.
- If more than one budget validation rule failed, all user messages will be presented with a red Error heading.

Budget Validation Warnings:

- Validation Warnings are presented under a blue validation notice.
- The Department (unit) where the rule is applied appears, as validation rules can be applied at any level in the hierarchy.
- Warning messages do not keep a budget from being marked Complete.
- If more than one budget validation warning was triggered, all user messages will be presented with a blue Warning heading.
S. Finalize Your Budget

Before submitting a proposal for approval routing, you must mark your budget as Final and Complete.

Navigate to the Budget Summary screen.

Select the Final checkbox to mark this version of the budget as Final. (Note: this indicates that only this version of the budget will be transmitted to the sponsor.) You can also indicate this Final status on the Budget Versions screen.

Select the Modular Budget check box if you are submitting this budget as Modular to NIH ONLY.

For Modular budget, you must also select the INCLUDE checkbox on the PHS398 Modular Budget form on the Grants.gov screen to validate and transmit the modular budget with your proposal.

Select Complete from the Budget Status drop-down menu.

Navigate to Return to Proposal.
EXERCISE CAUTION WHEN ENTERING TEXT into COEUS:

ONLY USE: letters (uppercase or lowercase A-Z, a-z), numbers (0-9), underscore (_).

NEVER USE:
- Special characters (like: '/', '&', '-', '*', '%', '#'). These will cause ‘fatal’ errors in transmission to Grants.gov and potential errors in Coeus validation.
- File names longer than 50 characters.

17. Overview - Upload Attachments

- Select Upload Attachments screen.
There are three (3) areas where files can be uploaded:

<table>
<thead>
<tr>
<th>Area</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Upload Proposal Attachments</strong></td>
<td>These documents or files are required as defined by the sponsor opportunity instructions and their general submission guidelines. Coeus contains a small number of basic Narrative/Attachment Types. However, to display all Types required for Grants.gov submissions, an opportunity must already have been selected in <strong>General Info</strong>. The Proposal must be connected to Grants.gov.</td>
</tr>
<tr>
<td><strong>Upload Personnel Attachments</strong></td>
<td>These are person-specific files (biosketch, current &amp; pending, etc.)</td>
</tr>
<tr>
<td><strong>Upload Institutional Attachments</strong></td>
<td>Institutional attachments do not get submitted to the sponsor.</td>
</tr>
</tbody>
</table>

Proposals to be submitted through Grants.gov must be linked to their sponsor’s opportunity using the Grants.gov before you begin to upload attachments. This linking process imports into your Coeus proposal the form-specific attachment types required by the funding opportunity.

For **Proposal Attachments**: Coeus will filter the narrative types and present only those relevant to your submission.

Though most **Attachment Types** are restricted by sponsors, and by Coeus, to a single use per proposal, several **Types** may be used multiple times, including (but not limited to): Other, Additional_Key_Persons, and Additional_Equipment. When using one **Attachment Type** multiple times, each attachment must contain a unique **Description**.

**A. Upload Proposal Attachment:**

**Result:** The file is added to List of **Proposal Attachments**.
NOTE: If a Narrative is refreshed while the proposal is in Approval In Progress status, an email message will be sent to all proposal approvers that a file has been updated (the module number will be identified).

B. Upload Personnel Attachment:

[Diagram of the Upload Personnel Attachments section of CoeusLite, showing the options for Attachment Type, Person, Description, and File Name.]
C. Upload Institutional Attachment:

Attachments not to be sent to sponsor, only viewed by ORA and proposal approvers, should be uploaded under this tab.

![Upload Institutional Attachments]

18. Submit for Approval

Select **Submit for Approval** when the proposal is **complete** (i.e., checked and validated) to begin routing for internal approval. The proposal must be complete for this process to begin. If it is not, Coeus will alert you to the non-compliant sections (i.e. Yes/No Questions unanswered, budget not marked final, etc.)

Before you try to submit:
- Finalize your proposal:
  - Mark your budget as **Final** and **Complete** on the **Budget Summary** screen
  - Navigate to the **Grants.gov** screen and select **Validate**;
    - Respond to any errors displayed – make the necessary corrections.
  - Make sure that you complete the PI Certification for each investigator.

Use Coeus Premium if you want to see the Routing Map for your proposal **BEFORE** Submit for Approval:

- Premium allows you to preview the approver map as you build your proposal.
19. Delete Proposal

Select Delete Proposal to initiate deletion of the proposal development record you currently have opened.

- Proposal must be in Status of “In Progress” to be deleted.
- This action will permanently delete the entire proposal.

The Delete Proposal option only appears in Proposals when you have been assigned the roles of Aggregator or Modify All Dev Proposals.

20. Copy Proposal

Proposal copying was designed for speedy response in two submission events:

1) Grants.gov ‘Change/Corrected’ resubmits.
2) Sending an identical proposal to multiple sponsors.

Copying for any other purpose can cause you problems. Study these notes carefully.

To avoid problems in copied proposals, when copying for other purposes:

1) Immediately remove the Grants.gov link – by deleting in the Grants.gov window.
2) Do not copy the Budget, if the Project Dates will change.
3) Do not copy the Attachments, if the science will change.
4) Do not copy the Questionnaires, if the project will change.

If you must copy the Budget:

1) Immediately Sync Budget Rates.
2) Consider creating a new Budget Version, rather than editing copied version.
3) If you must edit a copied budget Version:
   a. Immediately Adjust Budget Periods, boundaries.
   b. Delete copied Budget Persons who will not be used.

If you must copy the Questionnaires:

1) Make sure you have ORIS’s latest Question-set.
2) Edit every question to conform to new project requirements.
21. Email: Send Email Notifications from your proposal

Navigate to Email
- Select Add Employee to search for Coeus Users from the SAP HR system.
- Select Add Non Employee to search the Coeus Rolodex.
- Select Add Role to select a pre-defined approver on your Routing Map.

Select **Send**
22. Add New Rolodex Entry

The Rolodex is used to maintain Coeus-ready data on collaborators from other universities or research organizations, consultants, etc., for people you want to include in your proposals. Once a Coeus rolodex entry has been created, it stays in the database and is available for quick and easy entry in any proposal.

Rolodex entries cannot be edited once that are used in, linked to, a Coeus proposal development record.

Enter the required fields:

The following fields must be completed for Grants.gov submissions:

ONLY use letters (uppercase or lowercase A-Z, a-z), numbers (0-9), hyphens (-) and underscore (_). NEVER use special characters (like '/' or umlaut ü) will cause an error in transmission to Grants.gov.

- **Name** (Last and First),
- **Address Line 1** (street address on the first line; other lines are optional),
- **City**, **State**,
- **Postal Code**,
- **Country**,
- **Phone**,
- **E-Mail**.

Select **Save**

After saving, you’ll be provided with the new Rolodex ID:

23. Request New Sponsor

Select **Request New Sponsor** to submit a request directly to Sponsored Projects Shared Services for the creation of a new sponsor.

See **Appendix E** for description of this Webform.
24. Show Approval Routing

Approval Routing can be viewed after Proposal has been submitted for approval, has the Status of Approval In Progress.

Select Approval Routing

The routing path for the proposal is displayed, with the approval status displayed.

Select Hierarchy to see the Approval Map Hierarchy view.
25. Examine Grants.Gov Submission Details status

- **Locate** the submitted Coeus proposal in **My Proposals**
- **Select** Grants.gov
- **Select Refresh** from options at the bottom of this screen to update the data

**Items on this screen:**

<table>
<thead>
<tr>
<th><strong>Received Date:</strong></th>

Appendix A: What must be completed in Coeus Premium?

Budgeting

1) **Remove Inflation** from a budgeted position while inflating other line items in the budget.
   a) Example: position under the NIH Salary Cap.

2) **Add a senior person TBA position in an NIH Grants.gov submission.** SF 424 does not permit TBA positions in RR Budget Section A, they must appear in Section B. So, the default Faculty Cost Element/Line Item Budget Category of “Senior Personnel” must be changed to “Other Professionals”. Only Premium allows changing cost element budget categories.

3) **Proposal Hierarchy**, create or link to Parent - Your proposal requires more than one F&A Rate (IDC Rate).
   a) Example: K99/R01 Training Grant.

4) **Sync Budget by Period** - You know you’ll have a complex budget and need these tools:
   a) Sync your period costs to a period cost limit.
   b) Sync your period costs to a direct cost limit.
   c) Display customizable views of your Coeus budget; e.g. display a cost-sharing column for each line item.
   d) You prefer to budget by cost element (not by budget category).
   e) You want to see all expense line items in one screen while budgeting.
   f) You have predefined, exact personnel cost totals that must appear by category, not by person.

5) **Complex list of Participant/Trainee** expense items:
   a) Example: NSF REU & REI supplements.

Proposal Development

1) **Enter Citizenship** for a Proposal Person:
   a) Example: NIH Fellowship & Career Development forms.

2) **Re-order Proposal Personnel** - change the order in which proposal personnel are listed in the RR Key Person (Expanded) form.

3) **See the Routing Map** BEFORE Submit proposal for Approval.
Appendix B: Tips

Getting Help for Coeus

To contact your local Coeus help center send an email to coeus-help@exchange.johnshopkins.edu. In the subject line the Proposal Development records you are working on and whether you are working in Premium or CoeusLite.

Removing a Lock on Coeus Record:

CoeusLite will, by default, open your proposal development record in Edit (Modify Mode). However, if you find that your opened record is uneditable (dropdown menus do not display and data fields are grayed out), then you have been locked out of the Coeus database.

Follow these steps to Remove the lock and resume editing your proposal:

Select “Current Locks” in the CoeusLite header, under your User: Name:

Select “Remove” to the right of your user Name in the Current Locks window:

Select Yes to the question:

Select Proposals In Progress:

Then, re-open your proposal from the Proposal List.

What “No Special Characters” Mean?

Throughout this guide are warning statements about “no special characters,” meaning that no accented letters (such as ü) or symbols can be used.

When you see the “no special characters” warning, the only characters that can be used are:

Uppercase letters: A to Z
Lowercase letters: a to z
Numbers: 0 to 9
Underscore: _
Hyphen: -

Remember – spaces are special characters! Delete spaces in file names and descriptions, or replace them with underscores or hyphens.
## Appendix C: Activity Types

**Activity Type — Required.** Select the appropriate entry from the drop-down list or enter the first characters until the name appears. Refer to the announcement and Divisional policy to determine the Activity Type. *The Activity Type you select will determine the initial overhead rate used in your budget.***
