Opportunity Summary

The purpose of this program is to provide data and conduct analysis to inform improvement efforts in Critical Access Hospitals (CAHs). CAHs will benefit by having resources related to financial and operational improvement, quality of care reporting and improvement, Emergency Medical System (EMS) integration and population health activities. CAHs will have access to analyses of relevant data and evidence-based best practices to improve their outcomes. Additionally, work evaluating CAH-focused improvement efforts will inform CAHs and state Flex programs.
