Opportunity Summary
The foundation seeks to identify outstanding inventors and innovators who harness science and technology to enhance the conduct of scientific research, strengthen environmental conservation, or improve the experience and outcomes of patient care.

The Moore Inventor Fellows program focuses on supporting scientist-inventors at a critical stage of research to capture opportunities that otherwise might be missed. They seek to provide freedom and support to promising inventors with the most compelling ideas to pursue creative work.

Eligibility & Requirements:
Candidates must:
1. Be faculty, research scientists, postdocs or other full-time staff at eligible institutions.
2. Be no more than 10 years past receiving the terminal advanced degree in their field (M.S., Ph.D. or M.D.).
3. Devote at least 25 percent of their own time to their invention.

Each host institution will be required to contribute $50,000 in annual direct support of the inventor’s work. This can be “in kind” as released time or access to special facilities for which there is normally a charge.

Internal Nomination Process:
Interested applicants should submit the following documents:

1. JHU Limited Submission Cover Sheet
2. Statement of Invention (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)  
   (Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. CV of candidate, including educational and professional background, key accomplishments, honors and demonstrated areas of expert knowledge (two pages maximum)
4. Budget (1 page maximum)
5. Two letters of reference (one from an individual internally and one from an individual externally)
