Opportunity Summary
The NIEHS Environmental Health Sciences Core Centers (EHS CC) Program is intended to bring together investigators currently funded by NIH or other Federal or non-Federal sources to enhance the effectiveness of existing research and extend the focus of research for the environmental health sciences. An EHS CC should support innovation and be on the cutting edge of science. It is expected that research activities will cross a variety of disciplines to bring multiple perspectives and approaches to bear on significant problems. It is expected that the interdisciplinary nature of an EHS CC will have a synergistic effect that results in greater depth, breadth, quality, innovation and productivity beyond what individual scientists would be likely to attain by working independently. As intellectual hubs for environmental health research, the membership of EHS CC's is expected to be the thought leaders for the field as well as advance the goals of the NIEHS Strategic Plan (http://www.niehs.nih.gov/about/strategicplan/).

Eligibility & Requirements:
- The applicant institution must demonstrate that they have a minimum of three active NIEHS-supported research awards from three distinct PDs/PIs who are members of the proposed Center.
- At the time of submission of an application, the qualifying awards must have at least 1 full active year remaining. Find qualifying projects here.
- Acceptable support includes R00, R01, R03, R21, R33, R37, R43, R44, P01, P42, P50, U01, U19, U24, U2C, and or Research Career Development Awards (K-grants).
- Each multi-component (e.g. P01, P50, or U19) award will count as one qualifying research project regardless of the location of the parent grant. T-awards, U45, and Conference awards (R13, U13) do not count towards this requirement. Furthermore, grants and cooperative agreements in extension periods, either with or without additional funds, as well as supplements of any kind, do not count toward this requirement.

Internal Nomination Process:
Interested applicants should submit the following documents:
1. **JHU Limited Submission Cover Sheet**
2. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)  
   (Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. Curriculum Vitae of investigator, including current external research support and publications
4. Budget (no more than two pages)
