Limited Submissions
Sponsor: St. Baldrick’s Foundation
Program: Research Grants

Opportunity Summary
St. Baldrick’s Foundation funds biomedical research in order to better understand the causes of pediatric cancers and to advance its prevention, treatment, and cure. These grants are for specific one-year research projects which are hypothesis-driven and focus on areas related to the supportive care of children and adolescents with cancer. Examples include but are not limited to:

- symptom clusters
- patient-reported outcomes or quality of life
- health communication
- health promotion and
- psychosocial support across the trajectory from diagnosis to survivorship or end-of-life care.

Eligibility & Requirements:
- Applicants should hold at least an M.D./D.O. or Ph.D. degree by the date the award becomes effective.
- No institutional overhead or indirect funding is provided.

Internal Nomination Process:
Interested applicants should submit the following documents:

1. JHU Limited Submission Cover Sheet
2. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)
   (Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. NIH-template biosketch of investigator (no more than 5 pages)
4. Budget (two pages maximum)
