Opportunity Summary
The over-arching goal of this NIGMS R25 program is to support educational activities enhance the diversity of the biomedical, behavioral and clinical research workforce. This FOA will support creative educational activities with a primary focus on:

- **Research Experiences**: For example, for undergraduate students: to provide hands-on exposure to research, to reinforce their intent to graduate with a science degree, and/or to prepare them for graduate school admissions and/or careers in research; for graduate students: to provide research experiences and related training.
- **Courses for Skills Development**: For example, advanced courses in a specific discipline or research area, clinical procedures for research, or specialized research techniques.

The purpose of the RISE Program is to achieve greater participation in the biomedical and behavioral research enterprise of this country of students from underrepresented groups.

Eligibility & Requirements:
- Research education programs may complement ongoing research training and education occurring at JHU, but the proposed educational experiences must be distinct from those training and education programs currently receiving Federal support.
- R25 programs may augment institutional research training programs (e.g., T32, T90) but cannot be used to replace or circumvent Ruth L. Kirschstein National Research Service Award (NRSA) programs.
- Mentors must be committed to continue their involvement throughout the total period of the mentee’s participation in this award.

Internal Nomination Process:
Interested applicants should submit the following documents:

1. **JHU Limited Submission Cover Sheet**
2. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)
   (Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. Curriculum Vitae of investigator, including current external research support and publications
4. Budget (two pages maximum)
