---

**Deadlines:**  
**Internal Deadline:** June 1, 2018  
**Sponsor Deadline:** September 15, 2018

---

**Opportunity Summary:**
Johns Hopkins University anticipates being named one of The Hartwell Foundation’s Top Ten Centers of Biomedical Research for 2018 and, as such, eligible to participate in this year’s competition for the Hartwell Individual Biomedical Research Award Program (IBRA). The Hartwell Foundation provides funding for transformative early stage, innovative and cutting-edge biomedical research that has not yet qualified for significant funding from outside sources, and that has the potential to benefit children of the United States. The Foundation’s 2018 application process and administrative guidelines will be available April 15, 2018.

**Past awardees can be found** [here](#)

---

**Dr. Marc Donohue, Professor of Chemical and Biomolecular Engineering and Director of the Johns Hopkins Hartwell Program, will host two information sessions for the Hartwell competition:**
- **Friday, April 20th - 3:00-4:00 p.m**  
- **Friday, April 27th - 4:30-5:30 p.m**  
- **Eudowood Conference Room 8460**  
- **Bloomberg Children’s Center, 1800 Orleans St.**

---

**Eligibility & Requirements:**
- Faculty members at any level are encouraged to apply.  
- Nominees must be chosen from faculty and research staff drawn from appropriate areas of basic and applied life sciences, including engineering focused on biomedical applications.  
- The recipient should be a citizen of the United States or hold permanent residence, must hold a full-time appointment in the sponsoring institution, and must be eligible to serve as a principal investigator in biomedical research with their own dedicated lab space.  
- Must produce compelling justification that Hartwell support will be truly transformative to the career of the Nominee. i.e. Hartwell prefers to support assistant professors with no significant external funding.

---

**Internal Nomination Process:**
Interested applicants should submit the following documents:

1. **JHU Limited Submission Cover Sheet**
2. **Preliminary Proposal Summary** - Please provide a brief 1-2 page description of the proposed research describing how it addresses a critical problem or an unmet need, the proposed innovation, and its benefit to children in the United States. Briefly note how the research is early-stage, innovative and cutting edge.  
3. **NIH Biosketch (no more than 5 pages)**

---
