Deadlines:
Internal Deadline: May 17, 2018
Sponsor Deadline: July 17, 2018

Opportunity Summary:
The National Institute of Dental and Craniofacial Research (NIDCR) intends to continue support for research conducted within a national Dental Practice-Based Research Network (DPBRN). The purpose of the national DPBRN Coordinating Center is to centralize and harmonize study operations, data management, and biostatistical support to facilitate rapid development and implementation of clinical studies conducted in the national DPBRN. The main goals of the national DPBRN are to maximize efficiencies to conduct national oral health research studies in dental practices on topics of importance to practitioners and their patients, to provide evidence useful in daily patient care, and to facilitate the translation of research findings into clinical practice.

The NIDCR solicits applications for a single national Coordinating Center to support the national DPBRN infrastructure and the development/implementation of multiple national oral health clinical studies during an up to 7-year project period. Research studies will address oral health issues of importance to dental practitioners. Studies may evaluate particular clinical approaches or evaluate the effectiveness of strategies for the prevention, management and treatment of oral diseases and conditions. While good evidence exists for many treatments used by dental practitioners to prevent and manage oral and craniofacial diseases, dissemination and implementation of this knowledge remains a challenge. Therefore, the goal of each study carried out by the national DPBRN is to strengthen the knowledge base for clinical decision-making, and the DPBRN is an ideal venue to translate research findings into practice.

Eligibility & Requirements:
A PD/PI for an application in response to this FOA may not be a PD/PI for a companion application in response to the national DPBRN Administrative and Resource Center FOA (RFA-DE-19-001).

Internal Nomination Process:
Interested applicants should submit the following documents:

1. JHU Limited Submission Cover Sheet
2. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)
   (Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. Curriculum Vitae of investigator, including current external research support and publications
4. Budget (two pages maximum)
