Opportunity Summary:
This FOA solicits applications to implement a project with the objective of effective government enforcement of labor laws that are consistent with relevant labor standards. The over-arching strategy for achieving this project objective is to target and address gaps that prevent the government from realizing a comprehensive labor law enforcement system, focusing specifically on a country's legal framework, labor inspection system, and the labor adjudication system.

This request for proposals is to fund a technical assistance project in a minimum of three (3) U.S. trade partner countries over the life of the cooperative agreement to target and address gaps in supporting the governments in implementing comprehensive labor law enforcement systems. Ensuring that workplaces adhere to applicable labor laws involves multiple parties – including workers, civil society organizations, and employers – but requires the leadership of government enforcement. This FOA solicits applications to implement a project with the objective of effective government enforcement of labor laws that are consistent with relevant labor standards.

Eligibility & Requirements:
Applicants may not submit applications to renew or supplement an existing ILAB-funded project.

Internal Nomination Process:
Interested applicants should submit the following documents:

1. JHU Limited Submission Cover Sheet
2. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)  
   (Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. Curriculum Vitae of investigator, including current external research support and publications
4. Budget (two pages maximum)
