Opportunity Summary:
The Robert J. Kleberg, Jr. and Helen C. Kleberg Foundation is seeking highly innovative and groundbreaking medical research proposals in both basic biological and applied research that will have the greatest impact on scientific knowledge and human health.

The Foundation focuses on basic science and some translational - not clinical research.

Proposals should be distinctive and novel in their approaches, question the prevailing paradigm, and lead to advancement of knowledge in the field. A highly qualified scientific advisory committee will review all proposals.

Eligibility & Requirements:
Applicants must be faculty eligible to serve as a principle investigator.

Internal Nomination Process:
Interested applicants should submit the following documents:

1. JHU Limited Submission Cover Sheet
2. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)  
   (Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. NIH-format biosketch of investigator, including current external research support and publications (5-page limit)
4. Budget (two pages maximum)
