---

**Opportunity Summary:**

The National Science Foundation (NSF) Scholarships in Science, Technology, Engineering, and Mathematics (S-STEM) program seeks: 1) to increase the number of low-income academically talented students with demonstrated financial need obtaining degrees in STEM and entering the workforce or graduate programs in STEM; 2) to improve the education of future scientists, engineers, and technicians, with a focus on academically talented low-income students; and 3) to generate knowledge to advance understanding of how factors or evidence-based curricular and co-curricular activities affect the success, retention, transfer, academic/career pathways, and graduation in STEM of low-income students.

- Track 1 (Institutional Capacity Building): max of $650,000
- Track 2 (Design and Development: Single Institution): max of $1,000,000
- Track 3 (Design and Development: Multi-Institutional Consortia): max of $5,000,000

The STEM disciplines supported by the S-STEM program include:

- Biological sciences (except medicine and other clinical fields);
- Physical sciences (including physics, chemistry, astronomy, and materials science);
- Mathematical sciences;
- Computer and information sciences;
- Geosciences;
- Engineering; and
- Technology areas associated with the preceding disciplines (for example, biotechnology, chemical technology, engineering technology, information technology, etc.)

**Eligibility & Requirements:**

- For Track 1 and Track 2 projects, the Principal Investigator must be a faculty member currently teaching in one of the S-STEM disciplines listed in Section IV.B. who can provide the leadership required to ensure the success of the project.
- For Track 3 projects, the Principal Investigator must be a faculty member currently teaching in one of the S-STEM disciplines listed in Section IV.B. or an institutional, educational, or social science researcher who can provide the leadership required to ensure the success of the project.

**Internal Nomination Process:**

Interested applicants should submit the following documents:

1. JHU Limited Submission Cover Sheet
2. Name the school you are applying under
3. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins) (Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
4. Curriculum Vitae of investigator, including current external research support and publications
5. Budget (two pages maximum)
