For More Detailed Information Click [Here](#)

**Deadlines:**
- Internal Application: February 21, 2019
- Letter of Intent: April 5, 2019
- Full (Invited) Application: July 19, 2019

---

**Opportunity Summary:**
The mission of the Breast Cancer Alliance is to improve survival rates and quality of life for those impacted by breast cancer through better prevention, early detection, treatment and cure. To promote these goals, it invests in innovative research, breast surgery fellowships, regional education, dignified support and screening for the underserved.

The Breast Cancer Alliance invites clinical doctors and research scientists at any stage of their careers whose primary focus is breast cancer to apply for an Exceptional Project Grant. This award recognizes creative, unique and innovative research and is open to applicants at institutions throughout the United States.

Areas of relevant research may include but are not limited to: diagnosis, etiology, immunology, genetics, therapies, prevention and clinical studies.

---

**Eligibility & Requirements:**
The research project must be directly related to the field of breast cancer.

---

**Internal Nomination Process:**
Interested applicants should submit the following documents:

1. [JHU Limited Submission Cover Sheet](#)
2. One-page LOI that contains the applicant’s name, job title and institution at the top of the page, and the applicant’s contact information. The document should state the project title and hypothesis, outline the research aim(s) and methods, and include a brief discussion of the project’s potential impact.
3. Applicant’s NIH biosketch (5 pages)
