Opportunity Summary:
The Office of Citizen Exchanges, Youth Programs Division, of the Bureau of Educational and Cultural Affairs announces a funding opportunity to conduct a four-week U.S.-based exchange program for teenagers and adult educators. Participants will be high-school-aged youth and adult educators. Applicants should plan to provide U.S.-based programming for 17-18 youth and 2-3 adult participants from Burma. The activities for each program will focus on civic education, community engagement, diversity, and leadership and prepare participants to conduct projects at home that serve a community need.

Youth Leadership Programs are designed to promote high-quality civic engagement, civic responsibility, and leadership among future leaders. They offer an examination of the principles of democracy and civil society as practiced in the United States and provide participants with training that allows them to develop their leadership skills.

The applicant should present a program plan that allows the participants to thoroughly explore civic life in the United States in a creative, memorable, and hands-on way. Activities should be designed to be replicable and provide practical knowledge and skills that the participants can apply to school and community activities at home. Participants will stay with host families who have been recruited and screened by the award recipient. Applicants should devise a program with multiple opportunities for participants to interact with American youth and educators.
