Limited Submissions

Sponsor: National Institutes of Health (NIH)
Program: Ancillary Studies to the NIDDK Inflammatory Bowel Disease Genetics Consortium (R21 - Clinical Trial Optional)

Estimated Award Amount: $275,000 (direct costs only)
JHU Nomination Limit: 1
For More Detailed Information Click Here

Opportunity Summary:
The National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK) Inflammatory Bowel Disease Genetics Consortium (IBDGC), in collaboration with the International IBD Genetics Consortium, has identified about 200 susceptibility loci for IBD. The IBDGC has recently been awarded renewed funding to identify causal genes and genetic variants within these loci, and to elucidate the mechanisms through which they contribute to the pathophysiology of IBD. However, the IBDGC’s current resources permit them to explore the functions of only a limited set of genes within a limited set of physiological domains.

The purpose of this Funding Opportunity Announcement is to expand the number of genes and range of IBD-related phenotypes and physiological domains under study by means of collaborations of the IBDGC with investigators with expertise complementary to that of their own members. This FOA is intended to support highly exploratory studies which may require development and testing of novel experimental platforms or analytic methods. Proposed studies must not duplicate studies either ongoing or already completed by the IBDGC. Multi-site clinical trials will not be considered responsive to this FOA.

Eligibility & Requirements:
Individuals receiving salary from any cooperative agreement awarded under RFA-DK-16-029 are not eligible to serve as PDs/PIs although they may serve as Senior/Key Personnel or Other Significant Contributors.

Internal Nomination Process:
Interested applicants should submit the following documents:

1. JHU Limited Submission Cover Sheet
2. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)  
   (Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. Curriculum Vitae of investigator, including current external research support and publications
4. Budget (two pages maximum)
