Limited Submissions

Sponsor: Centers for Disease Control and Prevention (CDC)

Program: Emerging Infections Network - Research for Preventing, Detecting, and Managing Travelers who Acquire Infectious Diseases Abroad

Estimated Award Amount: \$7,500,000
JHU Nomination Limit: 1
For More Detailed Information Click [Here](#)

Deadlines:

Internal Application: November 10, 2020
Full Application: December 18, 2020

Opportunity Summary:

The purpose of this notice of funding opportunity (NOFO) is to support research activities that will assist with the prevention, detection, and management of international travelers who become ill during or after travel. The project must have a focus on travel and tropical medicine providers with the capability to participate in both research and surveillance to determine the disease prevention strategies, burden, severity, optimal diagnostics, treatment interventions, and outcomes of infectious diseases acquired by travelers while abroad. This research will bridge the gap between clinical medicine and public health by assisting with improving patient care, better understanding the natural history of disease, and implementing optimal diagnostic and treatment strategies, with the ultimate outcome being an advancement in the global health security of the United States.

The purpose of this NOFO is to support a research cooperative agreement aiming to: 1) conduct research activities that will assist with the prevention, detection, and management of international travelers who become ill during or after travel; 2) monitor for and detect sentinel infectious disease threats in a timely and efficient manner for the containment and response to emerging infectious diseases; and 3) decrease the number of international travelers who acquire a travel-related infectious disease.

Whenever possible, applications should include objectives written in the SMART format (e.g., Specific, Measurable, Achievable, Realistic and Time-bound).

Eligibility & Requirements:

- There will only be one PD/PI allowed for each application.

Internal Nomination Process:

Interested applicants should submit the following documents:

1. [JHU Limited Submission Cover Sheet](#)
2. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)
(Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. Curriculum Vitae of investigator, including current external research support and publications
4. Budget (two pages maximum)
