Limited Submissions

Sponsor: National Institutes of Health (NIH)
Program: Tuberculosis Research Advancement Centers (P30 Clinical Trials Not Allowed)

Estimated Award Amount: $3,000,000 (direct costs)
JHU Nomination Limit: 1
For More Detailed Information Click Here

Deadlines:
Internal Application: February 9, 2021
Full Application: June 15, 2021

Opportunity Summary:
The purpose of this Funding Opportunity Announcement (FOA) is to solicit meritorious applications for the Tuberculosis Research Advancement Centers (TRACs) program. The main goal of these centers is to provide administrative and shared research support to foster and elevate multidisciplinary tuberculosis (TB) research and provide exceptional mentorship to New Investigators. TRACs will provide core facilities, services and mentoring opportunities to achieve the goals of the program.

To accomplish the ambitious research agenda laid out in the NIAID Strategic Plan for TB, it will be critical to recruit and mentor the next generation of TB investigators, attract investigators to the field of TB, and increase collaborative, multidisciplinary research efforts. The TRACs will help accomplish this by:

• Providing scientific leadership and institutional infrastructure dedicated to TB research
• Fostering and enhancing multidisciplinary collaboration across all aspects of TB research
• Developing the next generation of scientific leaders in TB research through focused mentoring, career development and funding support for New Investigators ("NIs" as defined by NIH) pursuing TB research and any investigator who wants to enter the TB research field.
• Providing shared research support for resources, services and training dedicated to TB
• Strengthening TB clinical research through international and/or domestic collaborations

To fulfill the needs of the program and achieve the Specific Objectives outlined, institutions will require a critical mass of both experienced TB investigators and NIs in the TB research field. Institutional commitment and support for the proposed TRAC is encouraged.

Eligibility & Requirements:
• No institution may have more than one TRAC. An institution that is part of a multi-institutional TRAC award may not be listed as a multi-institutional participant in another TRAC award.

Internal Nomination Process:
Interested applicants should submit the following documents:

1. JHU Limited Submission Cover Sheet
2. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)
   (Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. Curriculum Vitae of investigator, including current external research support and publications
4. Budget (two pages maximum)
