The U.S. Department of State’s Bureau of Educational and Cultural Affairs (ECA) announces an open competition to manage the administration of the FY2022 Hubert H. Humphrey Fellowship Program, a Fulbright exchange.

The Hubert H. Humphrey Fellowship Program was established by presidential initiative in 1978. The program enhances leadership among international professionals who collaborate to address local and global challenges and foster change for our collective good. Through academic study and professional development with U.S. counterparts, this growing global network shares best practices and builds expertise in fields of critical importance to advance societal and institutional capacity, promote human rights and freedoms, ensure sustainable environments, and develop thriving communities. As leaders in their fields, Humphrey Fellowship alumni become important interlocutors within their countries and regions, advancing solutions to global problems, often in collaboration with the United States and in support of U.S. bilateral relationships.

Applicant responses should provide a holistic vision for the program, ensuring robust academic coursework, significant professional development opportunities, and strategic alumni engagement for Fellows. Applicants should provide innovative ideas and recommendations for the program, including highlighting fellows, alumni, and program achievements that are responsive to U.S. foreign policy goals, and building and sustaining professional development and networks in and around the program’s designated fields of study. Responses should include a description of how the various components of the program will build upon and reinforce one another.
