

## Research Development Team

## Limited Submissions

Sponsor: American Roentgen Ray Society (ARRS)

Program: Scholarship

Estimated Award Amount: \$180,000  
JHU Nomination Limit: 1 per department (SOM)  
For More Detailed Information Click [Here](#)

### **Deadlines:**

Internal Application: August 17, 2021  
Full Application: October 4, 2021

### Opportunity Summary:

The ARRS Scholarship supports early-career faculty members in study/research in the radiologic sciences that has the possibility of changing the way radiology is practiced. The recognition and financial support aim to advance the early-career scholar professionally and to help prepare them for positions of leadership.

The ARRS Scholarship supports early-career faculty members in study/research in the radiologic sciences that has the possibility of changing the way radiology is practiced. The recognition and financial support aim to advance the early-career scholar professionally and to help prepare them for positions of leadership. The Scholarship is funded through [The Roentgen Fund](#)<sup>®</sup> of the ARRS.

Medical schools, affiliated hospitals, and clinical research institutions with interests in training and research in diagnostic radiology, nuclear medicine, the basic sciences, or professions fundamental to imaging techniques are invited to submit one nomination annually.

The ARRS Roentgen Fund Board of Trustees may select up to two awards annually. The Scholarship is a two-year program, \$180,000 total over two years, requiring a minimum 50 percent time commitment for each year. The funds may be used for salary support; for scholarship-related travel costs (including travel to the ARRS Annual Meeting for selection and presentation years); and, in support of the Scholar's study related to the project plan, including for study outside the parent institution (training/tuition expenses may not exceed 20% of the total scholarship funding).

### Eligibility & Requirements:

- ARRS member at the time the application is submitted and for the duration of the award
- Earned MD or DO (or equivalent) from an accredited institution
- Completion of all required residency and fellowship training
- Hold a full-time faculty appointment as a lecturer, instructor, assistant professor, or equivalent for no more than five years beyond initial faculty appointment. The appointment must be in a department of radiology, nuclear medicine, or an associated department in the radiologic sciences of a medical school teaching hospital in the United States or Canada.
- Certification by the American Board of Radiology or equivalent
- Support from their Department Chair indicated in a letter of nomination with a commitment of a minimum of 50% of the nominee's time for the two-year program.

### Internal Nomination Process:

Interested applicants should submit the following documents:

1. [JHU Limited Submission Cover Sheet](#)
2. Proposal (maximum of two pages of text only, single spaced: 12-pt font and one-inch margins)  
(Note: figures, tables, and other reference material may be included in addition to the 2 pg. text limit)
3. Curriculum Vitae of investigator, including current external research support and publications
4. Budget (two pages maximum)
