Program: Toffler Scholar Program

Estimated Award Amount: \$10,000-\$40,000

JHU Nomination Limit: Up to 3

Deadlines:

Internal Application: February 17, 2022

Award Recommendations Made to Funder:
March 5, 2022

Opportunity Summary:

The [Toffler Scholar Program](#) was created by the Trustees of the Karen Toffler Charitable Trust, a 501 C3 nonprofit foundation focused on early-stage research that advances the medical field in profound, high-impact ways. Tapping into the deep legacy of their founders, best-selling authors and futurists, Alvin and Heidi Toffler, the Trust exists to be a catalyst for future-focused breakthroughs.

The Toffler Scholar Program focuses on helping medical researchers gain access to support, and a network for often underfunded innovations. It is a nimble source of financial support for scientists working on early-stage, future-focused brain science. Together with the university, the Program helps foster new ways of thinking and problem solving to find solutions to humanity's most difficult problems.
